The Week Opens with a Fairly Active

Trade and Firm Prices.

On the wholesale streets yesterday trade was

quite active, the dry goods houses, the druggists

and the grocers being busy. Trade with the

millinery nouses and boot and shoe merchants is

improving. The hide and leather markets con-

tinue active, but prices, although not quotably

lower, carry an easier tone. Provisions are mov-

FORCED TO COVER BY STRONG CON-DITION OF THE STOCK MARKET.

Some Notable Gains After a Short Period of Initial Weakness-General Public Still Holds Off.

At New York, yesterday, money on call was steady at 2024 per cent.; last loan,

Prime mercantile paper, 4@5 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.87%@4.88 for demand, and \$4.84%@4.84% for sixty days; posted rates, \$4.85 and \$4.881/2; commercial bills, \$4.831/2@4.84.

Silver certificates were 59%@60%c; bar silver, 59%c; Mexican dollars, 47%c. Bar silver, at London, was steady at 271/2d per

The outside public still refused to manifest any interest in the stock market yesterday, and operations continued wholly in the hands of professional traders. This element made an attempt to force a continuance of last week's reaction, using, as their main argument, the drain being made upon the cash resources of the banks. Yesterday's statement of subtreasury operations showed a loss already, since Friday, to that institution, of \$1,421,000. This showing helped the bears in an early raid on the ruled as follows:

\[\text{Wheat-No. 2 red, 70\forallec: track, 70c on milling freight; No. 3 red, 66\forallec@69\forallec. January, 70\forallec track; wagon wheat, 70c.

\[\text{Corn-No. 1 white, 33\forallec: No. 2 white, 33\forallec: No. 2 white, 33\forallec: No. 3 white mixed, 32\forallec: No. 3 white mixed, 32\forallec: No. 3 white mixed, 32\forallec: No. 2 yellow, 32\forallec: No. 3 yellow, 32\forallec: No. 4 yellow, 23\forallec: No. 2 mixed, 32\forallec: No. 3 mixed, 32\forallec: No. 3 mixed, 32\forallec: No. 3 mixed, 32\forallec: No. 4 white, 26\forallec: No. 3 white, 26\forallec: No. 2 mixed, 23\forallec: No. 3 white, 26\forallec: No. 2 mixed, 24\forallec: No. 3 mixed, 23\forallec: No. 2 mixed, 23\forallec: No. 3 mixed, 23\for market, which wiped out the opening gains and carried prices generally below Saturday's closing level. One or two stocks suffered from individual causes, and helped on the reaction. Pacific Mail, People's Gas and Third-avenue showed continued weakness, and Pennsylvania was depressed on reports of a new car trust involving many nillion dollars. The bears did not succeed in bringing out any large offerings, and were driven to cover on the development of aggressive strength in several stocks, including Sugar, Rubber, Chicago, Indianapolis & Louisville, Tobacco, General Electric, Lackawanna and Third-avenue. The most potent factor in the railways was the large increase in earnings for the second week of February, shown by a nu railroads. Norfolk & Western made the most striking exhibit, with an increase over the corresponding period of last year of \$133,858, which is nearly 96 per cent. This resulted in a large absorption of the stock at an extreme advance of 214, and had a sympathetic effect on all the bituminous coal-carrying roads, contributing to the rally in Pennsylvania and Baltimore & Ohio. Toledo & Onio Central showed an increase in earnings of 75 per cent. for the second week in February. These evidences of the large demand for bituminous coal were coupled with reports of increasing use of anthracite in steam production, because of difficulty in obtaining soft coal. The anthracite group showed the effect of this and of published forecasts of the annual statements of Lackawanna, which is to be published to-morrow, intimating a high percentage of earnings for the year. In addition, Ontario & Western showed an increase of 44 per cent. in earnings for the week. In the Southern group, Louisville & Nashville made a showing for the week which was 54 per cent. better than that of last year, its increase, in gross, amounting to \$186,345. All the returns received show striking gains, though those enumerated are the largest. The cotton-carrying roads,

further British successes in South Africa. Erie telephone rose buoyantly some 8 points. Dealings were not on a large scale, and the market fell dull before the close, but held quite firm near the top. Business in bonds showed some falling off in volume, and price changes were mixed. Total sales, at par value, were \$1,-985,000. United States old fours and fives advanced 1/2 and the twos 1/2 in the bid

especially, showed recovery from the re-

cent low level of earnings, and were ad-

vanced in price in consequence. The tonic

effect of these extraordinary earnings

proved too much for the bears, and they

were forced to cover. The continued ease

of call money, which ranged from 2 to 25/2

per cent., neutralized the alarmist view

of the money market outlook. Some slight

effect was produced also by the reports of

BULGE IN SHARP

REACTION OF AN OVERSOLD MAR-KET SENT THE PRICE UP.

Other Grains Felt the Influence and Went Briskly Higher-Small Advance in Provisions.

CHICAGO, Ill., Feb. 19.-Corn sold to standstill without weakening, reacted on covering by shorts to-day, and closed strong, May %c over Saturday. Wheat was easy early, but reacted with corn and unfavorable weather in France, May closing firm, 4c up. Oats closed a shade, and provisions 21/2c to 71/2@10c better.

A good part of the session corn concealed its condition under an appearance of quiet steadiness. May opened a shade under Saturday, at 3414@34%c, attributable to the easiness of wheat. There was no great demand, but offerings were absorbed readily, and May clung for hours around 34%c. Near the close, offerings became very scarce and the impression that the market had been sold to a standstill gained general credence. Under heavy buying to cover, May shot from 34%c to 35%@35%c, at which the market closed, %c over Saturday. The cash demand was slow. Receipts here were 851 cars, 221 cars over the estimate.

The strength developed by wheat, late in the session, was attributable to the bulge in the coarse cereal. The opening was easy on the Liverpool decline, and the increase in wheat and flour on passage, May 1/6% under Saturday, at 67%c. The advance in Paris and the unfavorable weather reported in France created a diversion in favor of the bulls, which pulled the price up to 68%c. Trade was dull, however, and a little profittaking sent May back to initial figures. Shorts covered and May advanced to 68%@ 681/2c, at which it closed, 1/4c over Saturday. New York reported five loads taken for ex-Spices—Pepper, 15@18c; allspice, 15@18c; cloves, 15@18c; cassia, 15@18c; nutmegs, 50@65c per lb.

Primary receipts were 917,000 bushels, comand flour, were equal to 383,000 bushels. 124c. pared with 686,000 bushels last year. Minneapolis and Duluth reported 723 cars, against 660 a year ago. Receipts here were 65 cars,

> A long line of oats was let out to-day, which was largely influential in holding that market easy. The trade was not large. Near the end the corn bulge was felt, and oats, supported by some sympathetic covering, closed firm, May a shade up at 23% @23%c. Receipts here were 380 cars, 14 over the estimate. Provisions held their own the greater part

of the day, because hog receipts were under the estimate, and turned firm with corn, at the close. Trade was not large, and fluctuations were narrow. May pork sold from \$10.921/2 to \$11@11.021/2, and closed 71/6/10c over Saturday at \$11/6/11.021/4; May lard from \$6.05 to \$6.071/2, closing 21/2c improved, at \$6.071/2, and May ribs from \$600 6.021/2 to \$6.05, with the close 21/2c improved Estimated receipts to-morrow: Wheat, 8 cars; corn, 750 cars; oats, 325 cars; hogs, 32,000 head. Poet Grissom Compromises Suit for Alienation of His Wife's Affections.

KANSAS CITY, Mo., Feb. 19.-Arthur Grissom, a poet and editor of a society paper published in New York city, to-day dismissed his suit for \$110,000 damages instituted against his father-in-law, Dr. W. S %c net advance. May, 40%@41%c, closed at | Woods, president of the National Bank of Commerce, Dec. 9 last, for allenating the affections of his wife and breach of contract. The terms of settlement are said to include the payment to Mr. Grissom of \$30,000, while Mrs. Grissom was allowed a divorce, the restitution of her maiden name, Julia Stone Woods, and the custody of their two-year-old child. Mrs. Grissom filed her suit for divorce this morning, and a decree was granted her within a few

All concerned are well known in society and literary circles here and in New York. The marriage of Grissom and Miss Woods was romantic. She and her mother went to New York in 1895 to prepare her trousseau for her marriage to a wealthy young Missourian. Mr. Grissom and Miss Woods met, a schoolday feeling of mutual regard was awakened, and they were married hastily at the "Little Church Around the Corner." It is said that Dr. Woods never forgave Mr. Grissom. Dec. 9 last Grissom filed a sensational suit against Woods for \$100,000 damages, alleging that the doctor had persistently worked to set his daughter against Mr. Grissom, and finally succeeded, and another suit for \$10,000 for breach of contract, alleging that Dr. Woods had agreed to pay him to leave New York and come to Kansas City and write books.
